Career Objective

To build modern, responsive, and user-friendly web applications using the latest web technologies. I aim to contribute to dynamic and innovative projects while continuously developing my skills in frontend and full-stack development through collaboration and lifelong learning.

Skills

Front-end : React.js, Next.js, JavaScript, TypeScript, HTML, CSS, Tailwind CSS , Bootstrap, Daisy ui, Material UI, TanStack Query, Redux Toolkit

Back-end : Node.js, Express.js, MongoDB, Firebase, JWT

Tools : Git, GitHub, Figma, Netify, Vercel, Surge

Soft Skills : Communication, Time Management, Teamwork

Projects

ProductHub: Product Management (Own Project)

[Live link](#) | [Github](#)

Overview: A full-stack web application for managing products with secure role-based access and CRUD operations. Includes features like product listing, category management with a responsive UI.

- Secure employee management and role-based access-control.
- Provides RESTful API endpoints for efficient data operations.
- Uses MongoDB for scalable and structured data storage.

Technologies: JavaScript, Next.js, Tailwind CSS, ShadCn Ui, Framer-Motion, OAuth, MongoDB

LangConnect: Language Exchange Platform (Own Project)

[Live link](#) | [GitHub Client](#) | [GitHub Server](#)

Overview: A web platform that connects users for language practice and cultural exchange .

Users can chat, learn, and grow together through real-time interaction and mutual learning.

- Real-time messaging and user authentication
- Offers a responsive and intuitive user interface built with React.js.
- Supports a scalable backend using Express.js and MongoDB for reliable performance.

Technologies: React.js, Express.js, MongoDB, Node.js, Tailwind css, Daisy ui, Firebase, JWT, Axios

LiveCodeX (Team Project)

[Live link](#) | [Github](#)

Overview: An interactive, real-time collaborative code editor built with Next.js and TypeScript.

Supports live code sharing, secure user authentication, and responsive design across devices.

- Integrated real-time code sharing and editing features
- Firebase Implemented responsive design for seamless experience across devices.
- Developed user authentication using secure login methods.

Technologies: Next.js, TypeScript, onAuth, ShadCn, Bcrypt js

Education

Diploma in Computer Engineering – Bangladesh Polytechnic Institute (2020-2024)

Language

- Bangla (Native)
- English (Intermediate)

CERTIFICATION

[Web Development Certificate](#) – (July 2024 - January 2025)
